Exercise 8

On my free time, I use computer to play games, also I use Youtube to binge-watch anime, I always listen to music on spotify, sometimes I hang out with my friends on Discord, and mess around with programs that I have on my computer that I don't know what is the function.

However, when I study I use my computer to search for any kind of information or knowledge from various platforms, watch educational videos, sometimes I always browse articles or research related to the topic of my lectures on any kind of media such as Detik, and access LMS to do assignment task.
