MEETING 11

TOPIC: WEBSITE

Topic:
Describing and analyzing a good website

Learning Objectives:

By the end of the lesson, the students are expected to be able to use appropriate English to:
▪ describe criteria of a good website.
▪ write a review of a website.

Material: Module Unit 5, page 60-61

The most visited website

Based on the survey you conducted, what is the most visited website in your class?

Why do your classmates like to visit it most?

Assignment

In a group, discuss: and share the result to the class:

1. Criteria of a good website (you may browse them in the internet, remember to copy the link, as the reference).

2. Find a website and analyze them (based on the criteria you have found) by completing the table:

Website Address
